HD UPGRADE TO SPECTRUM CABLE COMPLETE

Viewers of the Miami Valley Communications Council (MVCC) cable channels on Spectrum (Dayton South) will notice a significant quality upgrade to their favorite programs. All four MVCC channels have switched to high definition (HD) cablecasting. On February 28th, 2023, the change to GATV5, GATV6, EATV21 and CATV991 went into effect. The recent upgrade now allows for council meetings, parades, concerts, school board meetings, high school sports, community access shows and more to be viewed in their original and intended format.

GATV5 (covering the cities of Centerville, Germantown, Miamisburg, and West Carrollton), **GATV6** (covering the cities of Kettering, Moraine, Oakwood, and Springboro), **EATV21** (featuring local school programming), and **CATV991** (showing community access television for the Miami Valley) collectively air over 24,000 hours of programming each year and cablecasts 24 hours a day and seven days a week. For more information on MVCC programming, contact Ray Gambrel at rgambrel@mvcc.net or (937) 424-1671.

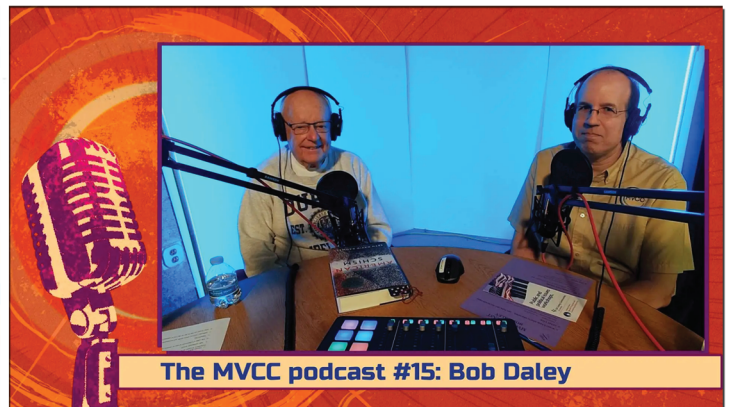

MISSING ANY HD CHANNELS...? TIME TO SWAP BOXES

During the recent HD upgrade to the MVCC Channels GATV5, GATV6, EATV21 and CATV991 on Spectrum Cable, viewers noticed some channels missing from their cable lineups. If you have an old Cisco DTA cable box from Spectrum or a digital viewing device, (Tivo or similar) that requires a CableCARD, you will need to schedule an appointment at your local Spectrum Cable store and swap your old cable box for a SPECTRUM 101 SDV box or an updated CableCARD.

If you have any questions about your current cable box or to schedule an appointment with your local Spectrum store to swap your box, give Spectrum a call at 1-866-234-8826
