BIDS REQUESTED REVISED JOINT CITY PAVEMENT MARKING PROGRAM

Miami Valley Communications Council (MVCC), a council of governments serving the south Dayton suburbs, is coordinating a joint bid for fourteen (14) Miami Valley cities for pavement marking (center and edge lines, stop bars, crosswalks and related work).

Specifications are available from:

Miami Valley Communications Council
1195 East Alex-Bell Road
Centerville, OH 45459
Phone: (937) 438-8887; Fax: (937) 438-8569
Online at: www.mvcc.net

No fee is charged for a set of the specifications.

Bids will be accepted by MVCC at their offices until 2 PM, Monday, April 3rd, 2023, at which time they will be opened, read and recorded. Bid awards will be made individually by each participating municipality, each of whom reserves the right to accept or reject any or all bids, to waive any formalities in the bidding process and to enter into a contract with the bidder who, in the City's opinion, offered the lowest and best bid.

Jay Weiskircher
Executive Director

MIAMI VALLEY COMMUNICATIONS COUNCIL
1195 EAST ALEX-BELL ROAD - CENTERVILLE, OHIO 45459
PHONE: 937-438-8887 / FAX: 937-438-8569 / INTERNET: www.mvcc.net

STANDARD CONDITIONS FOR COMPETITIVE BIDDING

1. All bids must be in the possession of Miami Valley Communications Council (MVCC) on or before the time set for opening. Bids received after that time, whether from the bidder direct or through some third party (e.g., FedEx, U. S. Postal Service) will be returned unopened.
2. The outside envelope containing the bid must be clearly marked on its exterior: "SEALED BID – PAVEMENT MARKING".
3. MVCC reserves the right to hold all bids for review for 60 days, unless some different requirement or standard is stipulated in the specification for the particular item/service/contract.
4. It is MVCC's policy, whenever possible, to use open, non-exclusionary specifications, to promote competition, and to make the process as accessible to bidders as possible, consistent with protecting its own interests.
5. The cities intend to award bids on a "best bid" basis. That means that we will consider, in addition to price, such factors as:
 - a. ability to perform the service and work within the specified time
 - b. reputation, judgment and experience
 - c. the quality of performance in previous contracts
 - d. financial ability to perform the contract
 - e. demonstrated past performance in similar situations
6. All bidders are required to be at the time of their bid and during the term of any contractual relationship, in compliance with all applicable local, state and federal laws.
7. The jurisdictions involved in this process are political subdivisions of the State of Ohio and therefore exempt from state and federal taxes.
9. MVCC will not accept liability for any acts of the contractor attendant to performance of any contract. By bidding, any contractor agrees to hold MVCC harmless in regard to any claims arising from contractor's acts.
10. Contractors performing work under this contract are required to maintain worker compensation insurance as required by Ohio law, and comprehensive liability insurance in the minimum amount of \$1,000,000.00.
11. Each city reserves the right to accept or reject any or all bids and to waive any formalities in the bidding process whenever it is in its best interest to do so, and to enter into a contract with the bidder, who, in the city's opinion, offered the lowest and best bid.

REQUEST FOR BIDS AND SPECIFICATION
PAVEMENT MARKING

MIAMI VALLEY COMMUNICATIONS COUNCIL

ITEMS REQUESTED

Miami Valley Communications Council (MVCC) is seeking bids from qualified contractors to paint pavement markings (center lines, cross walks, etc.) for fourteen (14) of its member cities. The specifications that follow are intended to describe the work required and minimum standards for materials and application. The contractor is to supply all materials, equipment and labor necessary to complete the specified work.

THE CONTEXT

MVCC is a council of governments with eight members and twenty-three (23) affiliate members. In this instance we are acting to assist those members who have elected to participate in a cooperative bid for pavement marking services. MVCC is coordinating and overseeing the bidding process on behalf of its members, each of whom will review the bid results and decide individually which offer is the lowest and best bid for that city, and whether and to whom to make an award. Each individual city will do its own scheduling of work and inspection and will pay the contractor directly. Those cities participating in this bid solicitation include:

Centerville – Clayton – Fairborn – Kettering – Miamisburg – Moraine – Oakwood – Piqua
Riverside – Sidney –Trotwood – Troy – Urbana – Vandalia

[Note: The bidder who provides the lowest overall cost quotation may not be the lowest bidder for each individual city – depending upon the particular mix of services each city requires. A bidder whose total cost is not lowest, may in fact be low on some of the unit costs and therefore low for one or more cities. Each city reserves the right to make the bid award that best serves their interests.]

ATTACHMENTS/INCLUSIONS BY REFERENCE

There are several items which are hereby included in this specification, either attached or by reference. Those listed as "forms for all bidders" must be completely and properly executed and included with the bid.

- a document titled: STANDARD CONDITIONS FOR COMPETITIVE BIDDING (attached);
- a spread sheet listing the cities, contact persons, phone numbers and total quantities;
- forms for all bidders:
 - proposal and bid form (attached);
 - certificate of non-collusion (attached);
 - affidavit that all personal property taxes are current (attached);
 - certificate of non-discrimination (attached);
 - bid bond (attached);
 - statement of experience, list of references (attached);
- successful bidder:
 - performance bond (provided by bidder);
 - maintenance bond (provided by bidder);
 - certificates of insurance (provided by bidder);
 - contract (provided by participating municipality);
- Ohio Department of Transportation specifications for materials, pavement markings, traffic paints, thermoplastic pavement marking, epoxy paints, glass reflective beads and means and conditions of application (by reference).
- Manual of Uniform Traffic Control Devices (by reference).

BID DUE DATE/TIMEFRAME

The first advertisement soliciting bids for this work should appear on March 12th and March 19th, 2023. Bids will be received until 2 p.m. – Monday, April 3rd, 2023 at the offices of Miami Valley Communications Council at 1195 East Alex-Bell Road, Centerville, Ohio 45459; phone 937-438-8887; fax 937-438-8569; URL www.mvcc.net. At that time all bids will be opened in the small conference room on the second floor, read aloud and tabulated. Bidders and other interested parties are invited to attend this public proceeding.

MATERIALS

Materials to be used include white and yellow regular traffic paint, epoxy paint, thermoplastic paint and glass reflective beads. The work shall be in accordance with the 2019 Ohio Department of Transportation (ODOT) Construction and Material Specifications. Traffic paints must conform to ODOT specification Item 642, Traffic Paint, and shall meet the requirements of ODOT Item 740.02 for Type 1 paint. Thermoplastic paint must conform to ODOT specification Item 644, Thermoplastic Pavement Marking and shall meet the requirements of ODOT Item 740.04. Epoxy paint must conform to ODOT specification Item 646, Epoxy Pavement Marking and shall meet the requirements of ODOT Item 740.07. Glass reflective beads for both traffic paint and thermoplastic paint must comply with the requirements of ODOT Item 740.09. Bidders should include the brand and specification of the paint and glass beads they intend to use and include a copy of the specification with their bid. All materials used are subject to inspection and approval by each municipal participant's designated representative or liaison person.

APPLICATION

Materials must be applied to dry, clean surfaces under conditions of temperature, humidity and other parameters as stipulated by the material manufacturer and ODOT specifications. Rates of application shall conform to the specifications of the materials manufacturer and shall be sufficient to remain plainly visible under normal traffic conditions for one calendar year from date of completion.

SCHEDULING WORK

Each city has its own requirements regarding when they want the work done. Each city will work out with the contractor their preferred time for performance of the work and will issue its own "notice to proceed" to the contractor.

DIRECTION/LIAISON

It shall be the responsibility of the representative appointed by each municipality to mark or otherwise indicate what kinds of markings are required and where they are to be placed. It is the responsibility of the contractor to contact the municipal representative at the beginning of each day that work is to be done, to go over the scope of that day's work and receive guidance and direction from the municipal representative.

QUALITY/WORKMANSHIP

All paint and glass beads are to be applied at a uniform thickness or rate, with clearly defined edges and no overspray. Rates of application, either in mills of thickness or pounds/gallons per mile shall be as stipulated by the manufacturer and ODOT specifications to assure acceptable durability of the finished surface. When paint is applied over existing markings, newly applied paint must not be placed more than two inches to one side or the other of the existing markings, and longitudinally must begin and end within six inches of the original markings. Acceptance of any work completed shall be at the sole discretion of the city's representative.

REMOVAL

Improperly placed or unwanted markings must be removed by the contractor, using a method acceptable to the city, at no cost to the city, and replaced as needed.

TRAFFIC CONTROL

It shall be the responsibility of the contractor to regulate traffic flow at the work site and around newly painted areas to: (a) protect the safety of the traveling public; (b) protect the safety of the crew doing the work; and (c) protect newly placed markings from traffic until they are sufficiently dry to bear the passage of vehicles without marring or tracking. In a few instances at very high traffic locations, a city may require that work be done at low traffic times (e.g., early Sunday morning). If there is to be any premium charge for this, the contractor must stipulate under what conditions it will apply and how it is to be calculated.

QUANTITIES

The attached spread sheet shows the types of markings required and approximate quantities of each type, in the aggregate. All quantities are approximate and may be revised up or down, depending upon which cities ultimately participate in this cooperative bid, and last-minute adjustments made by each city as their needs evolve and change.

Pay quantities for centerlines, lane lines and channel lines will not include measurement through the

intersections where no markings are applied. Ohio Department of Transportation Construction and Material Specifications Item 641.12 on method of measurement is not included by reference in this bid specifications and would not be utilized in determining quantities for pavement markings.

WARRANTY/PERFORMANCE

It is expected that any markings applied by the contractor shall remain in place, clearly visible, and useful for their intended function of directing, regulating and controlling the flow of traffic, for a minimum period of one calendar year from the date of completion. Contractors will be advised of any cases where markings fail to meet this standard and will have a reasonable opportunity to replace defective work before a claim is made against the maintenance bond.

BOND REQUIREMENTS

BID BOND - Each bidder shall submit a bid bond on the provided form, or a certified check, in an amount equal to ten per cent of the total estimated cost of this work, derived by multiplying the proposed unit costs by the estimated quantities provided.

PERFORMANCE BOND - The successful bidder shall provide a performance bond in a form acceptable to the contracting entity, in an amount equal to 100% of the estimated total cost of work to be performed for that city.

MAINTENANCE BOND - The successful bidder shall provide a maintenance bond in a form acceptable to the contracting entity, in an amount equal to 50% of the estimated contract cost, to remain in effect for one year from the date of completion of the work.

PROPOSAL FORM

OFFER

_____, as a Contractor authorized to do business in the State of Ohio, proposes to perform the work identified as:

Miami Valley Communications Council _____, 2023

To: The Miami Valley Communications Council:

GENTLEMEN:

The undersigned hereby declares, as a bidder, that he has personally examined the site of the herein proposed work, that the only persons or parties interested in this proposal(s) are those named herein, that this bid is made without any connection with any other person making a bid for the same purpose, that he has read the Invitation to Bid, including Instructions to Bidders, General Conditions, Agreement, Bond Forms, Specifications, Plans and Drawings, and the amendments thereto, that he agrees to all of the stipulations therein contained, and he proposes and agrees that if his bid, as submitted in the attached schedule is accepted, he will contract in the form specified in the Invitation to Bid, perform all the work mentioned in the Invitation to Bid and complete the same within the time therein specified after the date of notification by the City to proceed with the work, and will furnish the required bonds all within ten days after the date of mailing Notice of Acceptance to him at his address as given below, and that he will accept in full payment therefore the prices named in the attached schedule. Said prices are to include and cover the furnishing of all material, labor, tools, equipment and all other things necessary to complete the entire work in a proper and workmanlike manner according to the plans identified in the Invitation to Bid and upon the terms and conditions and in the manner set forth in the Invitation to Bid, and under penalty of bond hereto attached, and to the full satisfaction and acceptance by the participating municipality.

The following is the name and place of the surety company which will sign the bonds each in the amount of 100% of the bid as surety if the work is awarded to the undersigned.

Of _____

Local Agent _____

Address _____

It is hereby agreed that each participating municipality has the right to reject this proposal, or to award the above described work to the undersigned at the prices stipulated. If the proposal is rejected, then the enclosed check for 10% of the amount of the bid, (if a bid bond is not included), which is made payable to the Miami Valley Communications Council shall be returned to the undersigned as provided in Instruction to Bidders.

(2)

If the proposal is accepted and the work is awarded and the Undersigned shall fail to enter into a Contract in the form and terms set out in the Invitation to Bid within ten days after the award shall have been made, then the said check shall be cashed and the amount thereof paid into the Treasury of the Miami Valley Communications Council as liquidated damages for the failure of the undersigned to comply with the terms of this proposal.

BID BOND

KNOW ALL MEN BY THESE PRESENTS, That we, _____
Principal and _____ as Surety, are held and firmly
bound unto the Miami Valley Communications Council, State of Ohio, hereinafter called
MVCC, in the penal sum of _____ dollars lawful money of the United
States, for the payment of which sum well and truly to be made, we bind ourselves,
our heirs, executors, administrators, and successors, jointly and severally, firmly by
these presents.

The condition of this obligation is such, that whereas the principal has submitted the
accompanying bid, this _____ day of _____ 2023, for satisfactory
Bid Bond submitted as per attached copy, covering the following project:
Pavement Marking Program.

NOW, THEREFORE, if the principal shall not withdraw said bid within the period
specified therein after the opening of the same, or if no period be specified, within
sixty (60) days after said opening, and shall within the period specified therefore, or,
if no period be specified, within ten (10) days after the prescribed forms are presented
to him for signature, enter into a written contract with the City in accordance with the
bid as accepted, and give bond with good and sufficient surety or sureties, as may be
required, for the faithful performance and proper fulfillment of such contract, or in the
event of the withdrawal of said bid within the period specified, or the failure to enter
into such contract and give such bond within the time specified, if the principal shall
pay the City the difference or failure to enter into such contract and give such bond
within the time specified, if the principal shall pay the City the difference between the
amount specified in said bid and the amount for which the City may procure the
required work and/or supplies if the latter amount be in excess of the former, then the
above obligation shall be void and of no effect, otherwise to remain in full force and
virtue.

IN WITNESS WHEREOF, the above-bound parties have executed this instrument.

Under their several seals this _____ day of _____ 2023, and
name and corporate seal of each corporate party being hereto affixed and these
presents duly signed by its undersigned representative. Two Witnesses (if individual).
