Dear Resident or Small Business,

Welcome to your community's natural gas aggregation program. Members of your community voted in favor of government aggregation, a program authorizing local officials to purchase natural gas from a retail natural gas service provider certified by the Public Utilities Commission of Ohio. To further increase your buying power, your community joined with 17 other area communities in selecting **Archer Energy** to be the natural gas supplier for the **Miami Valley Communications Council (MVCC)** Natural Gas Aggregation Program. A fixed rate price of \$0.6625 per Ccf was negotiated beginning in October 2025 (November 2025 billing) through May 2027.

Upon enrollment in the program, **you will continue to receive one consolidated invoice from CenterPoint Energy with your Archer gas supply charges included. No action is required on your behalf to participate in the program.**

### **Natural Gas Aggregation Benefits**

The MVCC Natural Gas Aggregation Program provides benefits to participants such as:

- ❖ A ceiling for participants' natural gas supply pricing.
- ❖ Budget stability with a known rate that will not spike during peak gas consumption periods.
- ❖ Competitive pricing with a reasonable chance to be below CenterPoint Energy's default-service pricing.
- ❖ Flexible contract terms should a participant move out of the area or wish to join the program mid-term.
- ❖ Protection against consumers entering into risky supply agreements via door-to-door solicitations or random mailers.
- ❖ Participants can terminate at no charge if they find an alternative supplier option they prefer.
- ❖ No cost to enroll and no switching fee.

### **If you choose to Opt-Out:**

You don't need to do anything to get this exclusive rate. However, if you decide not to participate in the program, we must receive your opt-out response through one of the methods below by **September 23, 2025**:

## **Municipal Aggregation Commonly Asked Questions**

### **What is Municipal Aggregation?**

Municipal Aggregations are when a group of customers or entire communities join together to combine their purchasing power. The process of aggregation can generate products for communities that are more favorable than an individual customer could achieve.

### **Who is Archer Energy?**

Archer Energy is a leading retail supplier of electricity and natural gas and is licensed by the Public Utilities Commission of Ohio and approved by CenterPoint Energy ("utility").

### **What is the aggregation program rate?**

The aggregation rate and term can be found on the offering as well as the attached terms and conditions.

### **Will I receive a separate bill from Archer?**

No, the utility will continue to bill you for its services as well as Archer's service. You will pay the utility and the utility will remit our portion to us.

### **How do I enroll?**

Eligible residential or business customers will be automatically enrolled in the program subject to certain restrictions.

### **What does it mean to opt out of the program?**

Opting out means that you do not want to participate in the program established by your community leaders. If you opt out, you will not be enrolled in this program and you will continue to be served by the utility under the SCO or until you choose an alternative supplier.

### **Who is eligible to participate?**

Most business and residential customers located inside the community's boundary lines that are not shopping for their own natural gas supplies are eligible.

### **Who would not be automatically eligible to participate?**

Customers enrolled in the Percentage of Income Payment Program (PIPP), a customer who is under contract with another supplier or a mercantile customer are not automatically eligible to participate. If you would like to join the program, please contact our office to discuss.

### **Are there any additional fees for participating in the program?**

No. There are no switching fees imposed by the utilities to participate in the program.

### **When will I see my new rate?**

You can expect to see the new rate one to two billing cycles following your enrollment in the program. Please note; supply rates do not include sales taxes, delivery charges or other utility fees.

### **If my payments are automatically deducted from my checking, will that continue?**

Yes, how you pay the utility bill will not change.

### **Who do I call if I have a problem with my natural gas service and who will deliver my natural gas?**

Your local utility will continue to be responsible for servicing your account and responding to any disruptions in service.

### **I already have a deregulated supplier; can I still join the aggregation?**

The information provided by the utility indicated that you did not have a supplier. However, in some instances, there may be a delay in switching notices provided by the utility to suppliers. As such, you should check with your current supplier on your ability to terminate the agreement without incurring damages. You can always join the program later, under the same terms and conditions.

### **Is there an early termination fee for leaving the program after the 21 day opt-out period?**

No, there is no early termination fee for leaving the program at any point in time. However, upon returning to the utility you might not be served under the same rates, terms or conditions that apply to other customers served by the utility.

### **I am currently on budget billing, will that continue?**

Yes, the utility will continue to provide you with a budget bill.

### **How do I contact Archer if I have any additional questions?**

If you have additional questions about the program, please contact us toll free at 844-795-7491 from 9:00 am to 5:00 pm Monday through Friday.
